PRINTED TO THE STATE OF	2. Whitemen and Griffies Air Force Bases have been chosen as facilities of National interest; therefore, it is requested that permission be obtained from these organizations to make the overflights and ground measurements. Whitemen has been selected as the primary target and will be overflown if the target is snow covered. Because of the uncertainty of this condition, Griffies has been selected as a back-up target and will be covered only if snow cover does not exist at Whitemen. Ideally, the overflight will be made during the last two weeks in February 1970; however, the program will remain flexible in an attempt to cover Whitemen with snow cover.	
	3. The ground truth team will consist of the following individuals:
